reconstruction era the american civil war fought from 1861 to 1865 produced casualties and destruction on an unprecedented scale up to 800 000 soldiers were killed and huge swathes of the american south were devastated however although the defeat of the confederate states and the end of the war brought peace of a sort it left many unresolved issues the period following the end of the civil war has become known as the reconstruction era and during this time there were efforts to achieve two separate goals to reintegrate the former rebel southern states fully into the union and to achieve not only the abolition of slavery which had been a war aim for the north but also the emancipation and granting of civil rights to freed slaves inside you will read about the end of abraham lincoln and the civil war radical reconstruction carpetbaggers and scalawags the rise of the ku klux klan corruption and recession and much more the reconstruction era proved almost as divisive as the civil war itself the freeing of slaves threatened to undermine the very basis of society and many southerners resisted for some in the north the unwillingness of people in the south to adopt new laws and new ways of life seemed to negate the whole point of the war after all what was the point of fighting and winning a war if the very things that were fought for failed to happen the reconstruction era was a period of turmoil and change in the united states and it ended not with a complete victory for either side but with a compromise which satisfied no one however this period did pave the way for important changes which came much later this is the complex and sometimes confusing story of the reconstruction era

from the preeminent historian of reconstruction new york times book review a newly updated edition of the prize winning classic work on the post civil war period which shaped modern america with a new introduction from the author eric foner s masterful treatment of one of the most complex periods of american history new republic redefined how the post civil war period was viewed reconstruction chronicles the way in which americans black and white responded to the unprecedented changes unleashed by the war and the end of slavery it addresses the ways in which the emancipated slaves quest for economic autonomy and equal citizenship shaped the

political agenda of reconstruction the remodeling of southern society and the place of planters merchants and small farmers within it the evolution of racial attitudes and patterns of race relations and the emergence of a national state possessing vastly expanded authority and committed for a time to the principle of equal rights for all americans this smart book of enormous strengths boston globe remains the standard work on the wrenching post civil war period an era whose legacy still reverberates in the united states today

a century and a half after the civil war americans are still dealing with the legacies of the conflict and reconstruction including the many myths and legends spawned by these events the long reconstruction the post civil war south in history film and memory brings together history and popular culture to explore how the events of this era have been remembered looking at popular cinema across the last hundred years the long reconstruction uncovers central themes in the history of reconstruction including violence and terrorism the experiences of african americans and those of women and children the lost cause ideology and the economic reconstruction of the american south analyzing influential films such as the birth of a nation and gone with the wind as well as more recent efforts such as cold mountain and lincoln the authors show how the myths surrounding reconstruction have impacted american culture this engaging book is essential reading for anyone interested in the history of reconstruction historical memory and popular culture

the post civil war years of the reconstruction period in u s history history of us

stampp s classic work offers a revisionist explanation for the radical failure to achieve equality for blacks and of the effect that conservative rule had on the subsequent development of the south refuting former schools of thought stampp challenges the notions that slavery was somehow just a benign aspect of southern culture and how the failures during the reconstruction period created a ripple effect that is still seen today praise for the era of reconstruction this brief political history of reconstruction by a well known civil war authority is a thoughtful and detailed study of the reconstruction era and the distorted legends still clinging to it kirkus reviews it is to be hoped that this work reaches a large audience especially among people of influence and will thus help to dispel some of the myths about reconstructions that hamper efforts in the civil rights field to this day albert castel western michigan university

provides an in depth analysis of forty primary source documents introducing the document s historical context followed by a description of the author s life and circumstances in which the document was written
