the struggle over human rights the non aligned movement jimmy carter and neoliberalism traces the origins of the relationship between neoliberalism and the modern doctrine of human rights to the 1970s it uses empirical evidence to prove that the carter administration transformed the u s and the traditional western liberal approach to human rights in response in part to the actions of the non aligned movement the new international economic order nieo a high point in non aligned solidarity placed pressures on the power relations of the international system and sought to advance the social and economic rights of the third world carter s transformation promoted civil and political rights as the only acceptable human rights and relegated economic rights to a basic needs approach

undercutting welfare state principles in the u s and in the newly emergent independent states in africa asia and the pacific this doctrine as the book highlights through extensive archival research sharpened the definition of international human rights to serve the maintenance of the u s led world order carter s diplomatic use of human rights obfuscated exploitative economic structures and paved the way for an aggressive neoliberal transformation through world bank and imf structural adjustment programs under reagan historical studies of human rights have ignored these connections making this book a unique contribution to the scholarship of human rights

reprint of the original first published in 1868
